Site Selection Bids

3 bids for three cities

Hotels are great, we can get food and beverage

Limited effort was made to find campuses

We can alternate and we should also look two years out

Financial liability

Safety risk

Campus bad: Weekends cause missing more classes, and we won't get to tour around as much

Campus bad: People expressed desire to nap in their rooms. They also expressed the desire and convenience allowed for them to drink during the tournament day.

Knowing in advance is helpful

Perhaps it would be good to have the experience before we take a vote
